# The Sheltering Stone

Evergreen Slate is the largest producer and supplier of slate in the United States. Since 1916, the company has taken pride in providing its customers with high-quality products and excellent customer service, as the leader in the slate roofing industry.

The thousands of roofs we've provided to fine homes, churches, libraries, government buildings and universities for almost 90 years are a testament to our role as the premier roofing slate provider.

Vermont Natural Slate from Evergreen is available in flooring, flagstone and structural applications, in addition to roofing. We offer 14 colors in all sizes and textures, providing varied architectural effects which contribute greatly to the appearance and beauty of any building. Our experienced staff can provide detailed information and architectural services from single size 1/4" thickness applications, to intermingled rough texture in random widths, to graduated length and thickness.
